Comments: J&R DuctWorks LLC is a family owned business by a Ken Caryl resident. I hired them to clean and maintain the ducts in my home and was very pleased with their professionalism and expertise. They came to my home and put down drop cloths wherever they'd be working and booties on their shoes to protect my floors from outside dirt. They were thorough, efficient and fairly priced. Before performing the work, they gave me a free written estimate. Great customer service - I would highly recommend them!
