Please take a moment to read the following rules with your children prior to their first class:

On Court Conduct

Once on the court, there are certain dos and don'ts - all in the name of safety:

- All children under the age of 8 must be supervised by an adult when entering the building for their own safety.
- Please direct children to wait until the pro invites them onto the court. No siblings or parents please.
- Younger, inexperienced students have less racquet and ball control; therefore, it is imperative that they do not hit balls unless instructed to. Racquets should be hugged to their body and attention directed toward the pro.
- Balls on the ground stay on the ground.
- All students must participate in ball pickup.
- No jumping, climbing on the net, or hitting the curtains with racquets.

Off Court Conduct

- Please do not allow your children to run on the grates or in the hallway of the tennis building. This distracts not only the pros and students but also other spectators.
- No food/gum allowed in the building including the hallway.
- Please leave strollers outside the building. They hinder the flow of people in and out of the building.
- Our lessons are scheduled back to back. If you need to speak to a pro, please call or email them. Do not infringe on the next group's time.
