Contractor Name/Company: Nu-Look Driveways, Inc. David Dertina

Contractor Phone Number: 3032498506

Does the resident recommend the contractor? No

Comments: I do not recommend David. He gives a good sales pitch but had messy people pouring the driveway who broke off sprinkler heads, destroyed solar lights and did a sloppy job. It has not been repaired. He has an employer who did good work on the garage floor but it still doesn't run off properly.

Service Provided: Hardscape pavers and walls

Date Service Performed: October 2014

Contractor Name/Company: System Pavers

Contractor Phone Number: 8777283778

Does the resident recommend the contractor? No

Comments: System Pavers completed a large hardscape project in our front and back yard in October of 2014. Definitely one of the worst contracting experiences we have ever had. The quality and workmanship was very poor, and the supervision almost non-existent. Much of the work had to be tore out and redone. Would not recommend for any work.

Contractor Name/Company: Nu-Look Driveways Inc. David Dertina

Contractor Phone Number: 3032498506

Does the resident recommend the contractor? No

Comments: I would NOT recommend David and Nu-Look Driveways, his word and his contract mean nothing. He was great at making the sale, but when there were issues with the end product he didn't want to even talk about it. He took his money and ran never to be heard from again!

Contractor Name/Company: A-1 CONCRETE LEVELING

Contractor Phone Number: 3038710556

Does the resident recommend the contractor? Yes

Comments: My front entrance concrete cracked and settled resulting in about a 3" "step". I researched KCR and YELP customer reviews and found 2 contractors with excellent reviews. I got bids and they were close. A-1's covered a more complete job and a better warranty with more advanced technology. They came as scheduled and did a very good job. Both workers were polite and friendly. They did an excellent clean-up. I highly recommend A-1 for concrete repair.

Contractor Name/Company: Renaissance Masonry / "Red" Vantrese

Comments: Red is a "Master Mason" which means he is trained in the profession of masonry work. These individuals are very hard to find. He communicates extremely well and has the ability to read and understand all blue prints and drawings. He has over 30 years of experience and has the ability to problem solve and find solutions to any masonry situation. He has all of the tools and equipment to complete any size job. I hired him to lay block, brick, cast stone, cement tile, rock, flat pave bricks and tuck point joint repair. His work was outstanding. Absolute quality work at a reasonable price. You would be fortunate to have him do your masonry work. I would hire him again for any masonry work to be done.

Comments: Joe Van Dyke the owner of Backyards Plus is professional and excels at communication and scheduling. He listens, makes great design suggestions and performs. Our story: Joe responded immediately to my call for proposal - he met at our home the same day I called him. He email the proposal the next day and worked with us to define the work scope. His prices were fair, his design suggestions were spot on, he is insured and his agent provided an ACORD insurance certificate a week before work began. He and his crews are professional, skilled and efficient. They showed up early as scheduled on the days promised and the project was finished within 3 working days: tear out Thursday, pour driveway, back porch expansion and apron for pavers Friday, pavers installed and clean up completed Monday. We had only one punch list item and he attended to it early Tuesday morning after I sent him a text with picture Monday evening. Our new driveway and front porch walk with pavers and expanded back patio look great. I highly recommend Backyards Plus.
