Service Category: Fencing

Service Provided: Fence Installation

Date Service Performed: April 19 - 20, 2019

Contractor Name/Company: Mountain States Fence and Supply

Contractor Phone Number: 3035895606

Does the resident recommend the contractor? Yes

Comments: David Pitts (owner) responded rapidly to our request for a bid and his bid was very reasonable. He and his crew were able to start the fence right away and completed it in two days. Great work ethic and outstanding quality of work when done. Highly recommended.

Service Provided: Fence installation

Date Service Performed: Sept 2016

Contractor Name/Company: Split Rail Fence

Contractor Phone Number:

Does the resident recommend the contractor? No

Comments: We had multiple issues with Split Rail Fencing. They touted themselves as the authority in Ken-Caryl fencing. They told me there was only 1 way to do the fence. Well, they installed the fence incorrectly and then claimed their innocence and was going to charge us another \$4000 to remedy the mistake they made. They did not stand by their product or their servicing. I DO NOT RECOMMEND USING SPLIT RAIL FENCE CO.

Service Provided: Fence Installation

Date Service Performed: September 2015

Contractor Name/Company: Americo Fence Company

Contractor Phone Number: 3037221779

Does the resident recommend the contractor? Yes

Comments: We were very impressed with Americo Fence. They did a great job installing our fence. They showed up on time, worked hard and cleaned up the job site nicely. Marco, the owner, and Rudy, the estimator, were very nice and polite. They made thoughtful suggestions to our fence design and layout to make it look its best. I would recommend Americo Fence to anyone looking for a reputable fencing company. Their price was also very fair.

Service Provided: Cedar Fence Removal & Installation

Date Service Performed: August 10, 2014

Contractor Name/Company: Vez Corporation Inc.

Contractor Phone Number: 3035009965

Does the resident recommend the contractor? Yes

Comments: Steve and his crew handled both the construction agreements with our neighbors and the installation of our shared cedar fence in the Summer of 2014. Vez Corp. complied with all the Master Association, utility location, and Jeffco building requirements. In addition, he was attentive to site-specific installation details in a residential area with a high concentration of utility lines. Overall the crew was professional, efficient, and courteous. Steve is one of the few fencing contractors that is actually on location leading the crew.
