**Comments:** Troy completely remodeled our first floor including removal of a load bearing wall. We greatly expanded the kitchen with all new appliances and cabinets. There were many times when we were gone all day and there were no problems with the dogs being here. Any debris from old cabinets, bathroom fixtures, appliances, flooring, and wall demolition was removed the same day. Not only was the work exemplary but he gave such great advice on the cabinets and hardware. Also he installed the new appliances we purchased.

**Service Provided:** Full Home Remodel

**Date Service Performed:** January 2019

**Contractor Name/Company:** Sisters

**Contractor Phone Number:** 3033786773

**Does the resident recommend the contractor?** Yes

**Comments:** We highly recommend Sisters for any type of remodeling - big or small! After living in the Valley for almost 15 years, my husband and I debated moving or remodeling. We decided to remodel as we can't picture ourselves living anywhere else in Colorado. In order to love our home, we had to do an extensive renovation. We did months of research and extensively evaluated three contractors. We selected Sisters due to their positive reviews/references, but more so due to the fact that we loved Jeannie Frankovitch's passion, attention to detail and creativity. Our home remodel consisted of gutting our entire first floor to make it an open concept floorplan. We got a new kitchen, windows, walls, doors, trim, floors, popcorn ceiling removal, paint, two bathroom remodels, mudroom and more. You name it, Sisters did it! And we couldn't be happier. Our home is completely transformed and the results are unbelievable. We can't wait to do more with Sisters (one more bathroom and our basement). We strongly recommend Sisters! You won't be disappointed.

**Contractor Name/Company:** Sister-Fix-It

**Contractor Phone Number:** 3033786773

**Does the resident recommend the contractor? Yes**

**Comments:** We are very pleased with the work that Sister-Fix-It performed. Jeannie Frankovitch, owner of Sister-Fix-It, is very professional, dependable, fair and easy to work with. Her staff of Karen and Rachel work hard and take pride in their work. Karen is a wizard with tile, and we had a lot of tile since our remodel included a steam shower that was tiled floor to ceiling and included a full-width bench. Jeannie's electrician and plumber were also very professional and did quality work. We had no issues with any of the workers, and in addition to knowing their business and doing a good job, they are also genuinely nice people. We will definitely use them again in the future, and we recommend them for any type of remodeling, carpentry, painting or tile work.

**Service Provided:** Remodel Guest Bathroom

**Date Service Performed:** April-May 2016

**Contractor Name/Company:** Sister-Fix-It Construction

**Contractor Phone Number:** 3033786773

**Does the resident recommend the contractor? Yes**

**Comments:** Found out about Sister Fix It from this reference and glad I did. Jeannie Frankovitch the General Contractor provided a reasonable bid, fit us onto the schedule in a timely manner and along with her associates Karen and Rachel completed the job with high quality, efficiently, and within budget. I had the option of purchasing my own materials at the lowest possible cost - no contractor's mark up. Special mention to Karen who was our tile installer, plumber's helper and main go to person onsite. I have rarely encountered a more conscientious and helpful person in the building trades. Karen would offer ideas based upon past experience which I had not considered to give us a special outcome. Jeannie is obsessed with client satisfaction and will do whatever it takes to provide a result exceeding your expectations.

**Does the resident recommend the contractor? Yes**

**Comments:** We highly recommend Adam Berlin and his company Maverick Home Remodeling. We have know Adam for over 10 years and he has remodeled our Kitchen back in 2007, and because of his excellent work, we asked him to remodel 3 bathrooms, wood floors, and front door. Maverick performs a lot of work in Ken Caryl, the quality of his work and the attention of his staff is exceptional. We are highly satisfied and would recommend him to anyone considering remodeling.

**Service Provided:** Drywall

**Date Service Performed:** November 2016

**Contractor Name/Company:** Full Finish Drywall LLC / Wade Hansen, owner

**Contractor Phone Number:** 7203713097

**Does the resident recommend the contractor? No**

**Comments:** Wade, the owner, put in a large patch in my kitchen ceiling. Everything was sub-par. The lack of appropriate framing material and attaching of drywall to frame created a crack in the new ceiling. The texture job was patchy. The tape he used on paper to cover my hardwood floor ripped the finish off requiring me to re do all my hardwood floors from bare wood. Though he said he had insurance he did not and was only able to pay a small portion of what the floors cost me to re-do. The entire ceiling had to be re-done. I cannot recommend him as a proficient or honest workman.

Her crew is professional, reliable, and easy to communicate with. She oversees each job and if it does not meet her standards, she fixes it. We particularly appreciated her co-worker, Karen. A more reliable, easy-to-work-with person doesn't exist! We plan to use SFI for our next remodeling project.
