Contractor Name/Company: Jay Bradley of Colorado Tree & Lawn Specialists (CTLS)

Contractor Phone Number: 3037276478

Does the resident recommend the contractor? Yes

Comments: We needed to have an Ash tree removed from the backyard that had been planted too close to the house and had grown much too big (to an 18" diameter) with large branches hanging over the roof. The service was provided by Jay and a crew of three helpers. They came on the appointed day at 7:30am and were done by 1pm. This included wood grinding and removal, stump grinding, leaving some right-sized firewood (as requested), cleanup, plus the grinding of three smaller stumps. They did a lot of raking, sweeping, and I had little to do afterwards. There were no surprises and they were priced competitively (among 4 quotes). I recommend them without reservation.
