## Service Category: Plumbing

**Service Provided:** Plumbing

**Date Service Performed:** 11/11/19

**Contractor Name/Company:** Plumbers Near Me - Jonathan Mejia

**Contractor Phone Number:** 3039931339

**Does the resident recommend the contractor?** Yes

**Comments:** I highly recommend this plumbing contractor. He came by on Sunday, the day we discovered a leak under our kitchen sink, he showed up at the time promised and he determined the cause immediately. We had another faucet leak in our master bathroom and he immediately diagnosed that problem. He gave us a cost estimate and we arranged with him a time to repair the two items for the next day based on the estimate. On Monday he showed up on time and he had to go purchase parts and upon returning completed both jobs in short order. During this whole time he was respectful of our home, took off his shoes in order not to dirty our new carpeting, and he was very polite. He was also very personable and answered questions we had. He was actually a joy to have here. I've never had a plumber like this in all of my years of home ownership, just excellent all the way around.

**Service Provided:** Plumbing remodel

**Date Service Performed:** 5/5/2015

**Contractor Name/Company:** Gary Harmon Handyman

**Contractor Phone Number:** 3038108818

**Does the resident recommend the contractor?** Yes

**Comments:** I am the original owner of a home in Ken-Caryl that my wife and I had built 30 years ago. We wanted to remodel our 4 upper floor faucets and the kitchen and outdoor faucets. I found Gary from an ad in Life at Ken-Caryl. Gary did a great job. He was prompt, courteous, very knowledgeable, a good worker, provided me with good advice and money saving tips, and did a complete clean-up. His prices were very fair. I plan to hire Gary in the future as needed. Gary does plumbing and electrical work.

**Service Provided:** Plumbing and electrical

**Date Service Performed:** 11/8/2013

**Contractor Name/Company:** Gary Harmon

**Contractor Phone Number:** 3038108818

**Does the resident recommend the contractor?** Yes

**Comments:** We have used Gary for handyman services for about 10 years. He has resolved numerous plumbing and electrical problems for us. Gary is very dependable, pleasant to work with, and always provides quality service at a reasonable price.

**Service Provided:** Repaired a broken water pipe

**Date Service Performed:** 12-26-2012

**Contractor Name/Company:** Efficient Plumbing Services

**Contractor Phone Number:** 3037946230

**Does the resident recommend the contractor?** Yes

**Comments:** On the morning after Christmas, a water pipe broke in our basement. We shut the valve and called Brian at Efficient Plumbing, which was listed with a A+ rating at the Better Business Bureau. He responded in a couple of hours and had the problem fixed by the afternoon. He was courteous and efficient, and I thought his charge was reasonable: \$245 for parts and a couple of hours work, in what was more or less an emergency basis.

**Service Provided:** New Hot Water Heater

**Date Service Performed:** 16 NOV 2010

**Contractor Name/Company:** Done Plumbing

**Contractor Phone Number:** 3034873663

**Does the resident recommend the contractor?** Yes

**Comments:** Done Plumbing installed a new Bradford White hot water heater in our home about two (2) years ago. The "fast recall" unit distributes hot water to our second floor bathroom in less than one (1) minute and to the kitchen sink on the main floor in thirty (30) seconds. The technician also updated the venting system and took care of the county inspections. The unit continues to perform even with a house full of relatives during the holidays. Professional, knowledgeable, and responsive.

**Service Provided:** AC Unit Install, Plumbing Work, Hot Water Heater Installation

**Date Service Performed:** May 2012

**Contractor Name/Company:** Blue Sky Plumbing & Heating

**Contractor Phone Number:** 3034212161

**Does the resident recommend the contractor?** Yes

**Comments:** Blue Sky Plumbing is an outstanding company with very personal service. They are a family owned business and the owner is very involved in ensuring good customer service is delivered. We've used them for simple plumbing jobs, a hot water heater install, air conditioning install, furnace repair....you name it. They are fairly priced, their staff is friendly, and their follow up is great. I can't say enough about them. Almost every house on our street has used them with great results. I highly recommend Blue Sky Plumbing and Heating for all of your plumbing, heating, and cooling needs.
