

2.31 Latticework and Privacy Screens – DRAFT - 2021

Architectural Committee approval is required for any application, including latticework, trellis, privacy screening (free standing and attached to patio, deck or home).

Privacy screening may not exceed 6' in height (from original grade) unless approved by Architectural Committee.

Acceptable materials for privacy screening include (but are not limited to): Wood, metal, glass, and stone – subject to Architectural Committee approval.

Submittal shall include:

Site plan and photo(s) showing location(s) of installation

Dimensions, materials, and colors

Photo or rendering of how the final installation is intended to look

Lattice may not be installed on or attached to a fence to increase the height or screening capability.
