### Update on Valley Parkway Improvements

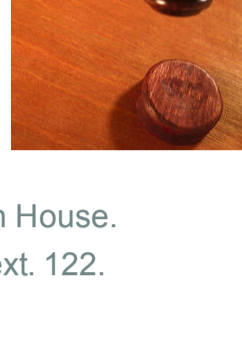

Several residents have raised concerns about the planned removal of stop signs on Valley Parkway, particularly at the intersection of White Oak Drive. Jefferson County has heard your concerns and is now planning to install a pedestrian-actuated flashing sign in conjunction with the raised crosswalk at this intersection. Pedestrian-actuated flashing signs, also known as Rectangular Rapid Flashing Beacons (RRFB), result in higher motorist compliance for yielding to pedestrians crossing a roadway. County staff supports this approach especially for students crossing Valley Parkway to access Bradford Primary School.

The County will host an informational session to provide project details and answer questions on Wednesday, Oct. 5 at 6 p.m. online via Microsoft Teams. See details and meeting login information on the County's website using the button below.
