Announcing Brian Yowell as KCRMA's Next General Manager

In early September, the Master Association announced the beginning of a General Manager search to identify the next leader of the Ken-Caryl Master Association following Victoria DeSair's resignation. After an extensive search process led by the Board of Directors and Human Resources, we are pleased to announce that Brian Yowell has been selected as General Manager, beginning Oct. 31.

With significant consideration given to the skills, experiences and expertise needed to successfully guide the Ken-Caryl Master Association in its next phase of growth, the Advisory Board has selected Brian Yowell to serve in this important leadership role. Brian's current position as the Master Association's Deputy Community Manager – and 2.5 year tenure working with the MA – have distinguished him as recognized leader in the community. Brian's covenants expertise, leadership skills and commitment to the Ken-Caryl community make him an exceptional individual for the role of General Manager. We are confident that under his leadership, the organization's success, and impact in achieving its mission and vision will continue to flourish. In addition, Brian has significant operational and leadership experience throughout his career. Even leading teams of up to 70+ team members.

Congratulations to Brian on his new role serving the Ken-Caryl Community!

Tree Removal Begins in November

The Parks Department, along with the assistance of a tree removal contractor, will be out and about conducting tree removal services in Ken-Caryl in late November for approximately two weeks to address dead and/or dying trees in our community.

As you may be aware, when Ken-Caryl Ranch was master planned decades ago, cottonwood trees were utilized to provide a fast-growing canopy for the new community. Decades later, these trees are nearing their end of life. This, combined with the various weather events the Denver metro area has experienced over the course of the last few years, is causing significant maintenance and aesthetic issues for the community. This fall's work will help to set the stage for additional diversification and tree plantings in the future. For questions, please contact Richard Plack, Parks Director, at richardp@kcranch.org.

Love 'em, Leash 'em: Jeffco Leash Laws Apply in KCR

Regardless of their training or temperament, unleashed dogs may be a danger to other dogs, people and wildlife. Off-leash dogs are also a danger to themselves by running into nearby streets, being hit by cars, being injured by wildlife, or getting lost. Please be considerate of your neighbors and their four-legged friends by leashing your dog. Residents are reminded that Jeffco leash laws apply to all parts of Ken-Caryl Ranch, including Jeffco School District fields.
